

PARMITA MAJI

B.TECH IN INFORMATION TECHNOLOGY

PROFILE

Aspiring software developer with a strong foundation in Java programming and SQL, combined with robust problem-solving abilities. Currently pursuing a B-Tech in IT, I possess a keen aptitude for designing and implementing efficient, scalable solutions. My technical skills are complemented by a collaborative mindset and a commitment to continuous learning, making me an ideal candidate for an internship that demands proficiency in Java, SQL, and problem-solving.
